PROFESSIONAL SUMMARY

Frontend Developer with 4+ years of experience building scalable, high-performance Angular applications. Skilled in Angular (12–19), TypeScript, RxJS, JavaScript, HTML, CSS, REST APIs, and responsive UI development. Experienced in end-to-end feature development, performance optimization, and accessibility. Strong collaborator with Agile teams and passionate about clean code and developer productivity using AI tools.

TECHNICAL SKILLS

Frontend	: Angular (12–19), TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Bootstrap
State Management	: RxJS, Observables, Subjects
APIs & Data	: REST APIs, HTTP Client, JSON, Async/Await, Interceptors
Tools	: Git, GitHub, Postman, Chrome DevTools, VS Code, Figma, JIRA
Soft Skills	: Agile/Scrum, Problem Solving, Communication, Teamwork, Technical Documentation
AI-Assisted Development	: GitHub Copilot, ChatGPT, Prompt Engineering, AI Code Generation, Debugging, Refactoring, Documentation

PROFESSIONAL EXPERIENCE

Frontend Developer Tata Consultancy Services (TCS) – SBI YONO 2.0	May 2025 – Present
Developed and maintained scalable Angular 19 applications for SBI YONO 2.0, a digital banking platform. Built reusable, responsive, and accessible UI components used across multiple modules. Implemented authentication for secure access and session management. Integrated REST APIs and handled data efficiently using RxJS and Observables. Implemented responsive UI using media queries for different screen sizes and devices. Optimized application performance, improved Core Web Vitals, and reduced bundle size. Implemented web accessibility features including Windows Narrator support, keyboard navigation, focus management, semantic HTML, and ARIA attributes.	
UI Developer Accenture – MyISP Project, Pune	Oct 2023 – Jan 2025
Built high-performance Angular 12 applications with data grid customization. Implemented RxJS observables for efficient async data handling and seamless API integration. Developed modular, reusable components and directives following best practices. Resolved UI/API integration issues and analyzed production issues across full technical stack. Maintained existing codebase, configurations, and business workflows ensuring high availability and reliability.	
UI Developer Accenture – OpenBlue Companion Project, Pune	Mar 2022 – Sep 2023
Migrated legacy applications to modern Angular versions for better scalability and performance. Developed reusable components and directives aligned with design system and accessibility standards. Implemented responsive and interactive UI components ensuring cross-browser compatibility. Optimized application performance by reducing load time and improving user experience.	

EDUCATION

B.Tech – Computer Science , Uttarakhand Technical University, Dehradun	2018 – 2021
Diploma – Computer Science , Govt. Polytechnic Kashipur, Uttarakhand	2015 – 2018
